Notice of meeting
Combined Shareholders’ Meeting 2022

Wednesday May 25, 2022, at 10:00 am
Salle Pleyel
252, rue du Faubourg Saint-Honoré - 75008 Paris
Dear Shareholder,

After two years of holding the Annual Shareholders’ Meeting behind closed doors, we will at last be able to meet in person for our next Shareholders’ Meeting which will take place on Wednesday, May 25, 2022, at 10 am at the Salle Pleyel in Paris. The hall has a capacity of 1,900 but this may be reduced if the health situation so requires.

You can also take part in the Shareholders’ Meeting remotely. You can vote online using a simple, secure system, or by post. The meeting itself will be broadcast live via our website, totalenergies.com.

In 2021, your support for the resolutions agreed by your Board of Directors and the high participation rate, with more than 500 questions submitted both beforehand and during the meeting, demonstrated the vitality of shareholder democracy at TotalEnergies. This year, from May 9 to 20, we will open a dedicated platform on totalenergies.com where you can submit your questions so that we can better take your expectations into account during the preparation of the Shareholders’ Meeting.

Financially, 2021 was marked by an upturn in business driven by the global economic recovery. Our multi-energy model has proved its worth and has enabled us to benefit fully from this favorable environment. With a pre-dividend organic cash breakeven of less than $25 per barrel (boe), a gearing under control at 15.3%, and an adjusted net income of $18.1 billion, our 2021 results require us to maintain our budgetary discipline and to invest in profitable and sustainable projects in order to accelerate our transformation strategy.

In May 2021, 92% of shareholders approved TotalEnergies’ ambition for sustainable development and energy transition towards net zero. Your Company has continued its development in electricity and renewables with over 10 GW of gross installed capacity at the end of 2021. Investment in this sector totaled 25% of overall investment, exceeding the initial target of 20% envisaged a year ago. In gas, a transition energy, LNG sales, second pillar of our profitable growth strategy, increased by 10% to 42 Mt and the Company took advantage of its integrated portfolio.

This strategy has allowed us to pursue the reduction in greenhouse gas emissions on route to our 2025 and 2030 greenhouse gas emissions targets. At this year’s Shareholders’ Meeting, we will submit our Sustainability & Climate – 2022 Progress Report for your advisory vote. This report covers the implementation of our strategy and the progress we made in 2021. It also builds on the Company’s ambition by setting targets to reduce methane and global Scope 3 oil emissions by 2030. In the report, TotalEnergies also sets out, for the first time, its 2050 vision for TotalEnergies Net Zero, together with society.

In this context, the Board of Directors has defined a shareholder return policy for 2022 that will combine a 5% increase in dividend payments with $2 billion in share buybacks for the first half of 2022.

While preparing the Shareholders’ Meeting, I am also thinking about the serious events taking place in Ukraine. I reaffirm our firmest condemnation of Russia’s military aggression against Ukraine, which has tragic consequences for the Ukrainian population and threatens peace in Europe. In this context of strong geopolitical tensions, TotalEnergies outlined clear and responsible principles of conduct for managing its Russian activities: beyond ensuring strict compliance with current and future European sanctions, TotalEnergies decided to provide no further capital for the development of projects in Russia and initiated the gradual suspension of its activities, including the planned end of its activities related to Russian oil and petroleum products.

Despite this sad news, I remain confident that we can move forward and, together with our stakeholders, help shape the just transition to which our societies aspire. The transformation of our industrial model is underway and will continue to accelerate in the coming years to meet our objectives: more energies, less emissions, always more sustainable and profitable.

Thank you for your trust and loyalty.

Patrick POUYANNÉ
Chairman and Chief Executive Officer

TotalEnergies Combined Shareholders’ Meeting 2022
Double voting rights and limitation
If registered shares have been held in your name for at least two consecutive years as at the date of the Shareholders’ Meeting, you are entitled to double voting rights for each of your shares (Article 18 § 5 of the Articles of Association). This period shall not be considered as interrupted and eligibility for double voting rights shall not be lost if the registered shares are transferred to another registered shareholder in connection with a succession, the sharing by husband and wife of a joint estate, or an inter vivos disposition in favor of a spouse or heir in the line of succession (Article 18 § 6 of the Articles of Association). Article 18 of the Articles of Association of TotalEnergies SE also specifies that at Shareholders’ Meeting, no shareholder may cast, individually or through an agent, more than 10% of the total number of votes attached to the Company’s shares, on the basis of single voting rights for either shares owned directly or indirectly, or shares for which the shareholder holds powers. However, in the case of double voting rights, this limit may be extended to 20%.

Use of electronic communications to give notice of the appointment or revocation of a shareholder’s representative when the account-holding institution is not connected to the VOTACCESS platform
In compliance with the provisions of Article R. 225-79 of the French Commercial Code, a shareholder’s representative can be appointed or revoked electronically, as follows:
› If the account-holding institution of the holder of bearer shares is not connected to the VOTACCESS platform the shareholder must send an email to: assemblées.générales@sgss.socgen.com
The email must include the following information: the company name, the date of the Shareholders’ Meeting, the last and first name, address, and banking reference information of the shareholder, and the last and first name and, if possible, address of the shareholder’s representative.
› The shareholder must instruct the financial intermediary who manages his or her securities account to send written confirmation to:

Société Générale Securities Services Service Assemblées Générales
25-30812
44308 Nantes Cedex 3

This email address can only be used to request the appointment or revocation of a representative. Any requests regarding other matters will not be taken into account and/or handled.

In order for appointments or revocations of mandates expressed by electronic means to be validly taken into account, written confirmations must be received no later than the day before the Meeting, i.e. by 5 p.m. (Paris time) on May 24, 2022.

Declaration, prior to the meeting, of participations linked to temporary ownership of shares (securities lending)
Pursuant to legal provisions, any legal entity or individual (with the exception of those described in paragraph IV-3 of Article L. 223-7 of the French Commercial Code) holding alone or together a number of shares representing more than 0.5% of the Corporation’s voting rights pursuant to one or more temporary transfers or similar operations as described by Article L. 22-10-48 of the abovementioned Code is required to inform the Corporation and the French Financial Markets Authority of the number of shares temporarily held no later than the second business day preceding the Shareholders’ Meeting at midnight, i.e. May 23, 2022 at 00:00 am (Paris time). Notifications must be emailed at: holding.df-declarationdeparticipation@totalenergies.com

If no notification is sent, any share acquired under any of the above temporary transfer operations will be deprived of voting rights at the relevant Shareholders’ Meeting and at any Shareholders’ Meeting that may be held until such shares are transferred again or returned.

This email must include the following information: the identity of the declarant, the identity of the assignee in a temporary transfer transaction, the nature of the transaction, the number of shares transferred in the transaction, and the voting agreement, if any. The information may be represented in the format recommended by the AMF in its instruction n° 2011-54 dated February 2, 2011.

The Corporation will publish the information received on its website.

Key figures and outlook
TotalEnergies is a global multi-energy company that produces and markets energy: oil and biofuels, natural gas and green gases, renewables and electricity.
Our 105,000 employees are committed to energy that is ever more affordable, cleaner, more reliable and accessible to as many people as possible.
Active in more than 130 countries, TotalEnergies puts sustainable development in all its dimensions at the heart of its projects and operations to contribute to the well-being of people.

In the fourth quarter, oil prices continued to rise, up 9% compared to the previous quarter, while gas prices in Europe and Asia, driven by increasing demand, hit all-time highs above $30/Mbtu and sent European power prices to record levels. In this context, TotalEnergies multi-energy model demonstrated its ability to take full advantage of the very favorable environment, particularly in the LNG and electricity sectors, with adjusted net income of $6.8 billion and cash flow (DACF(1)) of $18.1 billion.

In 2021, the Company generated cash flow (DACF(1)) of $30.7 billion, up $3 billion compared to 2020, and adjusted EBITDA(2) of $42.3 billion. The Company reported adjusted net income of $16.1 billion, representing a return on equity of 16.9%. A total of 4,931 million shares were employed (ROACE) of nearly 14%, for 2021, which demonstrates the quality of its portfolio and operations. IFRS net income was $16 billion ($13.6 billion).

The integrated Gas, Renewables & Power (GGRP) segment reported adjusted net operating income of $2.8 billion and cash flow of $2.4 billion in the fourth quarter, bringing full-year results and cash flow to $6.2 billion and $6.1 billion, respectively. These historic results build on the globally integrated LNG portfolio, leveraging rising oil and gas prices and outperformance in the gas and LNG trading business. The profitable growth strategy in Renewables & Electricity continues with more than 10 GW of installed gross capacity and more than 6 million electricity customers at year-end 2021. The Renewables & Electricity business generated proportional adjusted EBITDA of $1.4 billion over the year, above the target of $0.8 billion, reflecting the last quarter’s strong electricity markets. At the start of 2022, TotalEnergies secured an additional 2 GW of offshore wind projects with the award of a concession in Scotland, as part of the Softwind tenders.

Exploration & Production benefited from higher oil and gas prices with adjusted net operating income of $10.4 billion and was a strong contributor to the Company’s net cash flow with $12.2 billion. In line with its strategy to invest in low-cost and low-emission projects, TotalEnergies increased its presence in Brazil by entering the Atapu and Seba giant fields, launched the Lake Albert Resource Development Project in Uganda, while diversing interests in mature assets.

Downstream posted solid results with $3.5 billion in adjusted net operating income and cash flow of $5.6 billion, or more than $3 billion in net cash flow. High margins in petrochemicals and the return to pre-crisis results in Marketing & Services, despite sales volumes still impacted by Covid, offset European refining margin, which remained low, due to the low energy costs.

The Company maintained capital discipline with net investments of $13.3 billion, of which 25% was in Renewables & Electricity. TotalEnergies reported net cash flow of $15.8 billion for the year, allowing it to continue to reduce its net debt with year-end gearing reduced to 15.3%, compared to 21.7% at year-end 2020, and buy back $1.5 billion of shares, in line with the previously announced objective.

In accordance with the resolution approved by shareholders in May 2021 on TotalEnergies’ ambitions for sustainable development and energy transition toward carbon neutrality, the Board of Directors will report on the progress made in implementing these ambitions at the Shareholders’ Meeting on May 25, 2022. With this in mind, the Board of Directors adopted a ‘Sustainability & Climate - Progress Report 2022’, which was published and presented on March 24, 2022, during a Strategy, Sustainability & Climate investor meeting. This report will be submitted to a shareholder advisory vote at the Annual Shareholders’ Meeting on May 25, 2022.

Variable cost margin, European refining (VCM)** | +10/1 | +0/8 | +0/8 |

1. JKM (Japan-Korea Marker) is a price for spot LNG sales in Asia. It is based on spot prices reported in spot market trades and is quoted net of the LNG transaction margin.
2. NBP is a key benchmark for natural gas in Europe. It is based on spot prices reported in spot market trades and is quoted net of the LNG transaction margin.
3. This indicator represents TotalEnergies’ average margin on variable cost for refining in Europe (equal to the difference between TotalEnergies’ European refined product sales and crude oil purchase at associated variable cost divided by volumes refined into oils).
4. Results

**Results 2021**

Net income for TotalEnergies SE, the parent company, was €6,868 million euros in 2021, compared to €7,238 million euros in 2020.

In line with the policy announced in February 2021, the Board of Directors will propose at the Shareholders’ Meeting to be held on May 25, 2022, the distribution of a final 2021 dividend of €0.66 per share, equal to the three 2021 interim dividends already declared.

In addition, the Board of Directors defined a return-to-shareholder policy for 2022 that will combine, on the one hand, an increase in interim dividends of 5% given the structural growth in cash flow generated by the LNG and electricity business, and, on the other hand, buybacks to share the surplus cash flow from high hydrocarbon prices. These share buybacks are expected to be €2 billion for the first half of 2022.

**Outlook**

The prices of oil rose above $90 per barrel for the first time since 2014 at the beginning of 2022. This increase in price is driven by the global demand recovery and OPEC+ discipline in a context of constrained supply, given the low level of investment in hydrocarbons since 2015. It is exacerbated in the short term by low oil inventories. Prices could therefore remain at high levels, depending on the mobilization of OPEC+ production and the growth of unconventional oil production in the United States. After reaching all-time highs in the fourth quarter 2021, gas prices have remained very high in Europe and Asia since the beginning of 2022, driven by geopolitical uncertainties in Europe despite a mild winter season. In this context, futures markets anticipate gas prices that may remain above $20/Mbtu in 2022. In addition, given the evolution of oil and gas prices in recent months and the lag effect on price discovery, TotalEnergies anticipates 2022 hydrocarbon production of more than four times higher than in 2020, thanks to the sharp increase in oil and gas prices.

In Renewables & Electricity, TotalEnergies plans to have more than 16 GW of renewable gross capacity in operation by the first half of 2022. These share buybacks are expected to be €2 billion for the first half of 2022. In accordance with this policy, TotalEnergies expects net investments of €14-15 billion in 2022, of which 50% will be allocated to growth and 50% to maintaining the base of its diversified portfolio, it is expected to contribute more than €6 billion to the Company’s cash flow, based on an assumption of $25/t refining margins.

Ladies and Gentlemen,

We have convened this Ordinary and Extraordinary Shareholders’ Meeting in order notably to submit for your approval, the resolutions regarding the annual financial statements, the allocation of earnings and the setting of the dividend for the fiscal year ended December 31, 2021, the authorization to trade in the Corporation’s shares, the agreements covered by Articles L. 225-38 et seq. of the French Commercial Code.

We also submit for your approval the renewal of the term as director of Ms. Lise Croteau, Ms. Maria van der Hoeven and Mr. Jean Lemierre, and the appointment of a new director representing employee shareholders, to replace Ms. Valérie Della Puppa Tibi, whose term of office will expire at the end of the Shareholders’ Meeting.

We also submit for your approval the information relating to the compensation of executive and non-executive directors (“mandataires sociaux”), and the approval of the compensation policy applicable to them, the approval of the fixed, variable and extraordinary components making up the total compensation and the in-kind benefits paid during the fiscal year 2021 or allocated for that year to Mr. Patrick Pouyanné, Chairman and Chief Executive Officer, as well as the approval of the compensation policy applicable to him.

We also submit for your approval two resolutions to renew the firm Ernst & Young Audit as statutory auditor and to appoint the firm PricewaterhouseCoopers Audit as statutory auditor. Furthermore, in accordance with the fourteenth resolution approved by the shareholders in May 2021, concerning TotalEnergies’ ambition in terms of sustainable development and energy transition towards carbon neutrality, you are proposed to issue a favorable opinion, in a consultative vote, on the Sustainability & Climate – Progress Report 2022, in which your Board of Directors reports to the Shareholders’ Meeting on the progress made in implementing this ambition.

Finally, we submit for your approval various financial delegations and authorizations, including resolutions delegating to your Board of Directors (i) the competence to issue securities (with maintenance or cancellation of subscription rights), (ii) the power to issue securities as consideration for contributions in kind granted to the Corporation, and (iii) the competence to carry out capital increases reserved for employees who are members of a company or group savings plan. You are also asked to authorize the Board of Directors to reduce the share capital by cancelling treasury shares.

A total of twenty-three resolutions are submitted by your Board of Directors to your Shareholders’ Meeting for a vote.

Given that the authorization granted by the Shareholders’ Meeting on May 28, 2021 is due to expire on November 29, 2022, it is in the resolution 4 of this Meeting, that you authorize your Board of Directors to trade in the shares of the Corporation within the limit of a maximum purchase price set at €80 per share.

The purchase, sale or transfer of such shares may be transacted by any means on regulated markets, multilateral trading facilities or over the counter, including the purchase or sale by block trades, in accordance with the regulations of the relevant market regulatory authorities. Such transactions may include the use of any financial derivative instruments traded on regulated markets, multilateral trading facilities and implementing option strategies.

These operations would be carried out in accordance with Article L. 22-10-62 of the French Commercial Code. The transactions may be carried out at any time, in accordance with the applicable regulations at the date of the transactions considered, except any public offer periods applying to the Corporation’s share capital.

According to the provisions of Article L. 22-10-62 of the French Commercial Code, the maximum number of shares that may be purchased under this authorization may not exceed 10% of the total number of shares making up the share capital on the date this authorization is used. This limit of 10% is applicable to the share capital of the Corporation which may be adjusted from time to time as a result of transactions after the date of this Authorization. This limit may not apply under any circumstances cause it to hold, either directly or indirectly through subsidiaries, more than 10% of the share capital.

Moreover, in accordance with the sixth paragraph of Article L. 22-10-62 of the French Commercial Code, the number of shares acquired by the Corporation with a view to them subsequently being used for payment or exchange in the case of a merger, spin-off or contribution operation may not currently exceed 5% of its share capital.

As of February 28, 2022, the Corporation held 13,919,903 shares outstanding, the Corporation held 11,919,903 shares directly. Consequently, the maximum number of shares that the Corporation could buy back is 249,056,477 shares and the maximum amount that the Corporation may spend to acquire such shares is €19,924,518,160.00 (excluding acquisition fees).

The authorization, that is the purpose of the resolution 4, would be granted for a period of five years, or within the nineteenth year following the date of this Meeting and would cancel the unused portion of the authorization granted by the Shareholders’ Meeting on May 28, 2021 (fourth resolution).

### RESOLUTION 1

**Approval of the statutory financial statements and consolidated financial statements for the fiscal year ended December 31, 2021.**

The purpose of the resolution 1 is to approve respectively the statutory financial statements and the consolidated financial statements for the fiscal year ended December 31, 2021.

It is proposed that you set and approve the distribution of a dividend of €0.66 per share for the fiscal year ended December 31, 2021. We are reminding you that three interim dividends, each amounting to 0.66 euro per share, were paid on December 10, 2021, January 13, 2022, and April 1, 2022. Consequently, the final dividend to be distributed for the fiscal year ended December 31, 2021 would be 0.66 euro per share. It would be paid on June 30, 2022 (evoked hereinafter resolution 4).

The total dividend for the fiscal year 2021 is expected to amount to 6,993,219,211.32 euros, i.e.:

- 3,462,205,041.90 euros, amount paid for the first and second interim dividends for the fiscal year 2021 (respectively 1,742,568,906.54 euros and 1,719,656,135.36 euros).
- 1,742,683,357.14 euros, maximum amount likely to be paid in respect of the third interim dividend for the fiscal year 2021 and
- 1,742,300,821.28 euros, amount likely to be paid in respect of the maximum number of shares which would give right to the final dividend for the fiscal year 2021, i.e. 2,642,773,958 shares of which:
  - 2,627,773,958 shares composing the share capital of TotalEnergies SE as of February 9, 2022,
  - 10,155 shares, maximum number of shares likely to be issued in respect of the deferred capital increase reserved for employees in 2017 and whose vesting period expires on April 26, 2022,
  - 18,000,000 shares, maximum number of shares likely to be issued in respect of the capital increase reserved for employees decided by the Board of Directors at its meeting on September 15, 2021, whose indicative implementation date has been set for June 8, 2022, and giving right to the final dividend for the fiscal year 2021.

If, when the payment of the third interim dividend and the final dividend, the number of shares giving right to a dividend for the fiscal year ended December 31, 2021 is less than the maximum number of shares likely to benefit from the dividend indicated, due to the buyback by the Corporation of its own shares or following a capital increase reserved for employees of less than the maximum amount referred to above, the profit corresponding to the third interim and the final dividend that has not been paid for these shares will be allocated to “retained earnings” account.

Moreover, for shareholders who are natural persons domiciled in France for tax purposes, the three interim and the final dividends for the fiscal year ended December 31, 2021 are subject, upon payment, to a non-discharging withholding tax at the rate of 12.9%, as well as social security contributions of 17.2% on their gross amount, as an income tax advance payment.

This withholding tax is chargeable against the single flat rate income tax due at the rate of 12.8%, as well as social security contributions at the rate of 17.2% on their gross amount, as an income tax advance payment.

The dividends are taxable at the progressive income tax rate. In this case, the interima and the final dividends are eligible for the 40% allowance provided for in Article 158-2-2° of the French General Tax Code.

However, at the general option of the shareholder, dividends may be taxed at the progressive income tax rate. In this case, the interim dividend and the final dividends are eligible for the 40% allowance provided for in Article 158-2-2° of the French General Tax Code.

Moreover, in accordance with the second paragraph of Article 117 of the French General Tax Code, natural persons belonging to a tax household whose reference taxable income for the reference year is less than 50,000 euros for single, divorced or widowed taxpayers, and 100,000 euros for taxpayers subject to joint taxation, may be exempted from the 12.8% non-definitive withholding tax in accordance with the terms and conditions laid down in Article 242 quater of the French General Tax Code.

### RESOLUTION 2

**Allocation of earnings and declaration of dividend for the fiscal year ended December 31, 2021.**

The purpose of the resolution 2 is to determine the allocation of earnings and declare a dividend for the fiscal year ended December 31, 2021.

You have authorized your Board of Directors to trade in the shares of the Corporation at the shareholders’ meeting on May 28, 2021, (fourth resolution) in order to cover the performance share buybacks provided for in Article 158-3 2° of the French General Tax Code, assuming they would be granted for a period of eighteen months from February 11, 2022 to February 24, 2022, i.e. 30,665,526 TotalEnergies shares between November 8, 2021 and December 22, 2021, 1.16% of the share capital of the Corporation as of December 31, 2021.

These shares were repurchased for a total amount of €1.3 billion, at an average unit price of €43.14, i.e. €1.5 billion at the ECB exchange rate on the date of the third interim dividend and the final dividend on February 28, 2022.

Moreover, in accordance with the third paragraph of Article 117 of the French General Tax Code, natural persons belonging to a tax household whose reference taxable income for the reference year is less than 50,000 euros for single, divorced, or widowed taxpayers and 100,000 euros for taxpayers subject to joint taxation, may be exempted from the 12.8% non-definitive withholding tax in accordance with the terms and conditions laid down in Article 242 quater of the French General Tax Code.

### RESOLUTION 4

**Authorization granted to the Board of Directors, for a period of eighteen months, to trade in the Corporation shares.**

Use of the authorization previously granted by the Shareholders’ Meeting

You have authorized your Board of Directors to trade in the Corporation shares at the Shareholders’ Meeting on May 28, 2021 (fourth resolution) in order to cover the performance share buybacks provided for in Article 158-3 2° of the French General Tax Code, assuming they would be granted for a period of eighteen months from February 11, 2022 to February 24, 2022, i.e. 30,665,526 TotalEnergies shares between November 8, 2021 and December 22, 2021, 1.16% of the share capital of the Corporation as of December 31, 2021.

These shares were repurchased for a total amount of €1.3 billion, at an average unit price of €43.14, i.e. €1.5 billion at the ECB exchange rate on the date of the third interim dividend and the final dividend on February 28, 2022.

Moreover, in accordance with the third paragraph of Article 117 of the French General Tax Code, natural persons belonging to a tax household whose reference taxable income for the reference year is less than 50,000 euros for single, divorced, or widowed taxpayers, and 100,000 euros for taxpayers subject to joint taxation, may be exempted from the 12.8% non-definitive withholding tax in accordance with the terms and conditions laid down in Article 242 quater of the French General Tax Code.
Ms. Lise Croteau, a Canadian national, has been a director of TotalEnergies SE since May 29, 2019. After serving as Executive Vice President and Chief Financial Officer of Hydro-Québec, one of the world’s largest producers of hydroelectricity, Ms. Lise Croteau now uses her skills and knowledge of renewables and of the management of risks related to climate change in the service of the companies in which she sits as an independent director. Since 2018, she has been a director of Boralex, the Canadian leader in renewable energy, and since June 2019, a director of Quebecor inc. Ms. Lise Croteau will continue to provide the Board of Directors and the Audit Committee with her expertise in this area.

Ms. Maria van der Hoeven, a Dutch national, has been a director of TotalEnergies SE since May 24, 2016. She shares the Audit Committee. Ms. Maria van der Hoeven led the International Energy Agency (IEA) from 2011 to 2015 during a period of great change and pressure for new leadership, with a particular focus on the consideration of climate change in the energy policy. One of her main priorities was the need to integrate the main emerging players of the energy sector of the 21st century. Another of her priorities was to integrate 100% renewable energy in the global energy mix by 2050. In addition, Jean Lemierre has been the Director of TotalEnergies SE since January 2016, with a focus on sustainable development and renewable energy projects. Mr. Alexandre Garrot, a French national, was elected as a director of the Supervisory Board of the collective investments fund (FCPE) TotalEnergies Actionnariat France (111.1 million TotalEnergies shares held, as of December 31, 2021 i.e. 4.2% of the Corporation’s share capital) at the Supervisory Board meeting held on December 2, 2021 (resolution 9).

Ms. Maria Delendik, a Russian national, was designated by the Supervisory Board of the collective investments fund (FCPE) TotalEnergies IntNL Capital (21 million TotalEnergies shares held, as of December 31, 2021) at the Supervisory Board meeting held on December 7, 2021 (resolution A).

Mr. Alexandre Garrot, a French national, was elected as a candidate by the employee shareholders with individual voting rights (23.3 million TotalEnergies shares held, as of December 31, 2021) as this candidate received the highest number of votes in the ballot counted on January 12, 2022, and reached the representative threshold equal to at least 5% of the shareholders exercising their individual votes (resolution B).

Ms. Agueda Marin, a Spanish national, was designated by the Supervisory Board of the collective investments fund (FCPE) TotalEnergies Actionnariat France (111.1 million TotalEnergies shares held, as of December 31, 2021) at the Supervisory Board meeting on December 7, 2021 (resolution A).

In accordance with Article 11 of the Corporation’s Articles of Association, the candidate for the position of director representing employee shareholders who receives the highest number of votes (and at least the majority of the votes) from the shareholders present or represented at your Shareholders’ Meeting will be designated as the director representing employee shareholders.

After hearing the candidates by the Lead Independent Director, your Board of Directors decided to approve the application of Mr. Alexandre Garrot, a French national, as a member of the Workforce Committee of the Shareholders’ Meeting, in accordance with the provisions of Article L. 225-18-1 of the French Commercial Code and included in the Corporation’s 2021 Universal Registration Document (Chapter 4, point 4.3.1.2).
6. Board of Directors' report on the proposed resolutions

Your Board of Directors reminds you that payment to the Chairman and Chief Executive Officer of the variable component due in respect of the fiscal year ended December 31, 2021 is conditional on this Shareholders Meeting’s approval of the components of the Chairman and Chief Executive Officer’s compensation under the conditions stipulated in Article L. 22-10-34 of the French Commercial Code.

Approval of the compensation policy applicable to the Chairman and Chief Executive Officer

In the resolution 13, your Board of Directors proposes that you approve, in accordance with L. 22-10-8 II of the French Commercial Code, the compensation policy applicable to the Corporation’s Chairman and Chief Executive Officer, as presented in the report on corporate governance covered by Article L. 225-37 of the French Commercial Code and included in the Corporation’s 2021 Universal Registration Document (Chapter 4, point 4.3.2.2).

Mandates of the statutory auditors

Your Board of Directors points out that the term of office of the statutory auditors is fixed by French law at six renewable fiscal years. The terms of office of the statutory auditors will expire at the end of the Shareholders’ Meeting on May 25, 2022 called to approve the financial statements for the financial year 2021.

The rotation rules for statutory auditors resulting from the European audit reform, and in particular the provisions of Article 41 of Regulation (EU) No 537/2014 of the European Parliament and of the Council of April 16, 2014, on specific requirements for the statutory audit of public interest entities, authorize the renewal of the mandates of Ernst & Young Audit for a new term of 6 fiscal years, Ernst & Young Audit having been appointed as the Corporation’s statutory auditor at the Shareholders’ Meeting on May 16, 2014.

However, they do not allow the renewal of the mandate of KPMG S.A. insofar as, on the date of entry into force of Regulation (EU) No 537/2014, KPMG had been the Corporation’s Statutory Auditor for more than 20 years. As a result, a new statutory auditor, selected through a call for tenders, must be proposed for appointment by the Shareholders’ Meeting on May 25, 2022.

The Audit Committee conducted an independent selection process which began at its meeting on October 8, 2019. At the end of this process, at its meeting on October 26, 2020, the Audit Committee recommended to your Board of Directors the appointment of PricewaterhouseCoopers Audit as Statutory Auditor in preference to KPMG. The new appointment of PricewaterhouseCoopers Audit should enable a high level of audit quality to be maintained for the Corporation and the scope of consolidation to maintain a high level of audit quality. Your Board of Directors has approved these proposals which are submitted for your approval.

Therefore, the Board of Directors proposes in the resolution 114 to renew the mandate of Ernst & Young Audit as Statutory Auditor and, in the resolution 15, to appoint PricewaterhouseCoopers Audit as Statutory Auditor.

The terms of office of the Statutory Auditors will be for six financial years in accordance with Article L. 223-3 of the French Commercial Code.

Opinion on the Sustainability & Climate – Progress Report 2022, reporting on the progress made in the implementation of the Corporation’s ambition with respect to sustainable development and energy transition towards carbon neutrality and its related targets by 2030 and commenting this ambition

In accordance with the resolution approved by the shareholders in May 2021 on TotalEnergies’ ambition for sustainable development and energy transition to carbon neutrality, your Board of Directors has committed to report to the Shareholders’ Meeting on May 25, 2022 on the progress made in the implementation of this ambition.

In this context, your Board of Directors has adopted a Sustainability & Climate Progress Report 2022, which was published on March 24, 2022. This report gives an account of the implementation of the strategy and the progress made in 2021 with regard to the objectives set for the year 2021, and also completes the Corporation’s ambition, in particular by setting targets for the reduction of methane emissions and emissions linked to the use of petroleum products by our customers worldwide (Scope 3 Oil) by 2030, and by describing what the Company’s activities would be like in 2030, reaching net carbon neutrality, together with society. This report also explains how the Corporation considers the International Energy Agency’s Net Zero Scenario in its ambition to move towards carbon neutrality, together with society.

In the resolution 16, it is proposed that you issue a favorable opinion, in a consultative vote, on the Sustainability & Climate – Progress Report 2022.

Your Board would like to remind you of the framework of this consultation in order to respect the specific attributions of each of the corporate bodies, the Board having adopted the report submitted to you as part of its mission to define the Corporation’s strategy.

The Board of Directors is giving shareholders the opportunity to express their opinion on the implementation, since the 2021 Shareholders’ Meeting, of the Corporation’s ambition in terms of sustainable development and energy transition towards carbon neutrality and its related targets by 2030. As your Board explained to you last year, this consultation responses to certain expectations expressed in this regard and contributes to the dialogue between the shareholders and shareholders. As the Corporation considers the International Energy Agency’s Net Zero Scenario in its ambition to move towards carbon neutrality, together with society.

The purpose of these delegations of competence and powers is to give the Board of Directors the necessary flexibility to complete the most appropriate financing transactions based on market conditions and the Corporation’s needs, where applicable, in addition to bank or bond financing. These delegations would enable the issue of shares and securities providing access immediately or in the future to the Corporation’s share capital, by maintaining or canceling shareholders’ preemptive subscription rights, depending on the opportunities offered by the financial markets as well as the interests of the Corporation and its shareholders.

We are also reminding you that, by virtue of Article L. 225-132 of the French Commercial Code, the decision to issue securities providing access to the Corporation’s share capital automatically entails the waiver by shareholders of their preemptive subscription rights, in any case, on shares which the security that could be issued would give right immediately and/or in the future to the benefit of the holders of these shares.

Financial authorizations relating to the Corporation’s share capital

You granted the Board of Directors, at the Shareholders’ Meeting on May 29, 2020, delegations of competence to complete capital increases. These financial delegations of competence and powers of expiring on July 29, 2022, we propose under resolutions 17, 18, 19, 20, 21 and 22 to renew them, for a period of twenty-six months, as a replacement for the delegations previously granted.

The purpose of these delegations of competence and powers is to give the Board of Directors the necessary flexibility to complete the most appropriate financing transactions based on market conditions and the Corporation’s needs, where applicable, in addition to bank or bond financing. These delegations would enable the issue of shares and securities providing access immediately or in the future to the Corporation’s share capital, by maintaining or canceling shareholders’ preemptive subscription rights, depending on the opportunities offered by the financial markets as well as the interests of the Corporation and its shareholders.

Employee shareholding plans

When the Extraordinary Shareholders’ Meeting is called to vote on a draft resolution aiming to delegate to the Board of Directors its competence to complete a capital increase, the same Meeting must resolve on a draft resolution aimed at delegating authority to the Board of Directors for the purpose of completing the capital increase reserved to members of a company or group savings plan.

Strategic reviews, TotalEnergies’ Board of Directors examines the relevance of its ambitions, the appropriateness of its strategy and its greenhouse gas reduction objectives in light of progress in international and national policies, new scenarios for decarbonization trajectories, advances in low-carbon technologies, actions taken by other sectors, including by its customers with its active support, and other developments in society in terms of energy transition and sustainable development. It will continue to report annually to the Shareholders’ Meeting on the progress made in implementing this ambition and to consult with it, as necessary on the adaptation of its strategy and objectives.

The Board of Directors may not, except with the prior authorization of the Shareholders’ Meeting, make use of these delegations of authority and powers as from the filing by a third party of a proposed public offer for the securities of the Corporation and until the end of the offer period.

Details of the use of previous authorizations granted to the Board of Directors can be found in the section “Delegations of authority and powers granted to the Board of Directors with respect to capital increases” of this brochure.

In addition, you authorized your Board of Directors, during the Shareholders’ Meeting on May 26, 2017, to reduce, on its sole decision, the share capital by canceling treasury shares for the period of five years. This authorization expiring at the end of this Meeting, we propose in resolution 23 to renew it, for a period of five years, as a replacement for this authorization.
We request under resolution 17, and pursuant to Articles L. 225-129, L. 225-129-2 and L. 228-91 et seq of the French Commercial Code, that you delegate to your Board of Directors the competence to decide one or more capital increases by issuing of ordinary shares and/or securities giving access, immediately and/or in the future, to part your Corporation’s share capital, with maintenance of the shareholders’ preemptive subscription right. This delegation of competence would enable the Corporation to complete capital increases, maintaining the shareholders’ preemptive subscription right, primarily with a view to financing cash transactions, where, in addition, to bank and bond financing. Capital increases implemented by virtue of this delegation may be completed by way of a cash contribution or incorporation of reserves, earnings or other whose capitalization shall be authorized by law and the bylaws, in the form of allocation of shares or an increase in the nominal value of existing shares. The maximum nominal amount of the capital increases that may be completed under the resolution 17 may not exceed the aggregate ceiling of two billion five hundred million euros. Moreover, the total nominal amount of the capital increases that may be completed under resolutions 18, 19, 20, 21, and 22 shall be deducted from this aggregate ceiling.

The delegation contemplated under resolution 17 would be granted for a period of twenty-six months from the date of this Meeting and would respect the restrictive limit set by the delegation granted by the Combined Shareholders’ Meeting on May 29, 2020 (resolution 15).

We also request that you delegate to your Board of Directors the possibility to provide for a priority subscription period for the benefit of shareholders, whose minimum duration is set at three trading days in accordance with Article L. R. 12-10-51 of the French Commercial Code. In addition, we hereby inform you that to date, in accordance with Article R. 22-10-92 of the French Commercial Code, the issue price of ordinary shares likely to be issued under this delegation would be at least equal to the weighted average of the prices quoted on Euronext Paris during the three trading sessions preceding the start of the public offering within the meaning of regulation (EU) No. 2017/1129 of June 14, 2017 less, where applicable, a maximum discount of 10%.

The total nominal amount of capital increases that may be completed immediately and/or in the future, under this resolution, may not exceed six hundred and fifty million euros. It being specified that the total nominal amount of these capital increases shall be deducted from the aggregate ceiling for capital increases authorized by this Meeting in the resolution 17.

The delegation contemplated under resolution 18 would be granted for a period of twenty-six months from the date of this Meeting and would respect the restrictive limit set by the delegation granted by the Combined Shareholders’ Meeting on May 29, 2020 (resolution 16).
6. Board of Directors report on the proposed resolutions

Resolution 19

Delegation of competence granted to the Board of Directors, for a period of twenty-six months, to issue, through an offer referred to in Article L. 411-2° of the French Monetary and Financial Code, ordinary shares and/or securities giving access to the Corporation’s share capital, resulting in a capital increase, with cancellation of the shareholders’ preemptive subscription right

(a) Representing 260 million shares of the Corporation with a unit nominal value of €2.50, or 8.66% of the share capital as of February 28, 2022.

We request under the resolution 19, and pursuant to the provisions of the aforementioned articles, that you delegate to your Board of Directors the competence to decide one or more capital increases by issuing ordinary shares and/or securities giving access, immediately and/or in the future, to part of the Corporation’s share capital, with cancellation of the shareholders’ preemptive subscription right, through an offer referred to in Article L. 411-2° of the French Monetary and Financial Code. This resolution would allow to complete capital increases to the benefit of qualified investors or a restricted circle of investors to facilitate the Corporation’s access to capital thanks to more favorable conditions of issuance or when the speed of operations is key for their success.

In addition, we hereby inform you that to date, pursuant to Article R. 22-10-32 of the French Commercial Code, the issue price of ordinary shares that may be issued under this delegation would be at least equal to the weighted average of the prices quoted on Euronext Paris during the three trading sessions preceding the start of the public offering within the meaning of regulation (EU) No. 2017/1129 of June 14, 2017, possibly reduced by a maximum discount of 10%.

The total nominal amount of capital increases likely to be carried out in accordance with this resolution may not exceed six hundred fifty million euros corresponding to the amount of the ceiling authorized in the resolution 18 against which it shall be offset.

The delegation contemplated under resolution 19 would be granted for a period of twenty-six months from the date of this Meeting and would render ineffective, up to the unused portion, the delegation granted by the Combined Shareholders’ Meeting on May 29, 2020 (resolution 17).

Resolution 20

Delegation of competence granted to the Board of Directors, for a period of twenty-six months, to increase the number of shares to be issued in the event of a capital increase with cancellation of the shareholders’ preemptive subscription right

We request under resolution 20, and in accordance with the provisions of Articles L. 225-135-1 and R. 225-118 of the French Commercial Code, that you delegate to your Board of Directors the competence to increase the number of shares to be issued within the case of excess demand.

In accordance with this resolution, your Board of Directors may, in the event of excess demand (if investor demand is higher than the amount initially offered), increase the number of shares to be issued in the case of a capital increase with cancellation of the shareholders’ preemptive subscription right, within the time limits and limits stipulated by the regulations in force on the issue date and completed under resolutions 18 and 19. We hereby inform you that the Board of Directors could decide to increase the number of shares to be issued within thirty days of the closing of the subscription and within the limit of 15% of the initial issue, pursuant to Article R. 225-118 of the French Commercial Code.

The delegation contemplated under resolution 20 would be granted for a period of twenty-six months from the date of this Meeting and would cancel, up to the unused part, the delegation granted by the Combined Shareholders’ Meeting on May 29, 2020 (resolution 18).

Resolution 21

Delegation of powers granted to the Board of Directors, for a period of twenty-six months, to increase the capital by issuing ordinary shares and/or securities giving access to the share capital of the Corporation in consideration for contributions in kind granted to the Corporation, with cancellation of the shareholders’ preemptive subscription right

(a) Representing 260 million shares of the Corporation with a unit nominal value of €2.50, or 8.66% of the share capital as of February 28, 2022. It being specified that this ceiling may not exceed the legal limit set to date at 15% of the share capital on the date the Board decides to complete the operation.

We request under resolution 21, and pursuant to Article L. 22-10-53 of the French Commercial Code, that you delegate to your Board of Directors the powers to decide the issue of ordinary shares and/or securities giving access, immediately and/or in the future, to part of the Corporation’s share capital in consideration for contributions in kind granted to the Corporation and consisting of equity securities and/or securities giving access to the share capital of third-party companies as part of external growth operations and where the provisions of Article L. 22-10-54 of the French Commercial Code are not applicable. These provisions relate to a public exchange offer for the shares of a company whose shares are admitted to trading on a regulated market of a State party to the agreement on the European Economic Area or member of the Organization for Economic Co-operation and Development.

The total nominal amount of capital increases likely to be carried out in accordance with this resolution may not exceed six hundred and fifty million euros corresponding to the amount of the ceiling authorized in the resolution 18 against which it shall be deducted.

The delegation contemplated under resolution 21 would be granted for a period of twenty-six months from the date of this Meeting and would cancel, up to the unused part, the delegation granted by the Combined Shareholders’ Meeting on May 29, 2020 (resolution 19).

(a) Established on the date the Board decides to carry out the operation.

This Meeting having to resolve on delegations of competence to complete capital increases, we submit, pursuant to the provisions of Article L. 225-129-6 of the French Commercial Code, a resolution for a capital increase reserved for employees.

We created in the case of a public offering and consisting of equity securities and/or securities giving access to the share capital of third-party companies as part of external growth operations and where the provisions of Article L. 225-129-6 of the French Commercial Code, and, second, Articles L. 3322-18 et seq. of the French Labor Code.

The purpose of this resolution 22 is to develop employee shareholding in the Company, allowing, where applicable, employees to subscribe for shares at a discounted price compared to the TotalEnergies share price.

We hereby request through this resolution:

› on the one hand, that you delegate to your Board of Directors the competence to decide to increase the Corporation’s share capital, on one or more occasions, within the limit, identical to the amount approved by the Combined Shareholders’ Meeting on May 28, 2021, of 1.5% of the share capital on the date of the Board of Directors decides to issue (representing 39,114,657 shares on the basis of the share capital as of February 28, 2022), it being specified that the amount of the share capital issued in respect of this resolution 22 shall be deducted from the overall capital increases authorized by this Meeting (resolution 17),

and the other hand, that you reserve the subscription of all the shares to be issued to the benefit of the members of a company or group savings plan of the Corporation and French foreign companies within the meaning of Article L. 225-180 of the French Commercial Code and Article L. 3344-1 of the French Labor Code, including the members mentioned in Article L. 3322-2 of the French Labor Code, it being specified that this resolution may be used to implement leverage formulas.
We would also point out that, in accordance with Article L. 3332-21 of the French Labor Code, this delegation would authorize TotalEnergies existing shares or shares to be issued by the Corporation to be awarded to the beneficiaries mentioned above, in the following cases:

- in respect of the supplement that could be paid in accordance with the rule(s) of the company or group savings plan, within the limits provided for in Articles L. 3332-11 et seq. of the French Labor Code;
- and/or as a substitute for all or part of the discount referred to in paragraph 5° of this resolution, it being understood that the benefit resulting from this award may not exceed the legal or regulatory limits pursuant to Article L. 3332-21 of the French Labor Code.

The Board of Directors would remind you that this delegation would require the cancellation of shareholders’ preemptive subscription rights in favor of members of a company or group savings plan for whom the capital increases would be reserved, including the members mentioned in Article L. 3332-2 of the French Labor Code.

The subscription price of the shares to be issued may not be less than the average of the last quoted prices on Euronext Paris during the twenty trading sessions preceding the date of the Board of Directors’ meeting setting the opening date of the subscription period, less a maximum discount of 20%.

The delegation that is the purpose of the resolution 22 would be granted for a period of twenty-six months from the date of this Meeting and would cancel the unused portion of the delegation granted by the Extraordinary Shareholders’ Meeting on May 28, 2021 (resolution 17).

RESOLUTION nr(23)
Authorization granted to the Board of Directors, for a period of five years, to reduce the share capital by canceling treasury shares

You authorized the Board of Directors, at the Meeting on May 26, 2017 (resolution 13), on its sole decisions, to decrease the capital by canceling treasury shares. The maximum number of TotalEnergies shares that can be cancelled, under that authorization, was set at 10% of the total number of shares making up the share capital of the Corporation on the date of the operation, pursuant to Article L. 22-10-62 of the French Commercial Code.

Making use of this authorization, the Board of Directors has completed with the following cancellations:

That authorization given by the resolution 13 at the Meeting on May 26, 2017 expiring at the end of this Meeting, we propose under the resolution 23 to authorize your Board of Directors to reduce, per periods of twenty-four months, the share capital by cancelling shares within the limit of 10% of the capital existing on the date of cancellation, in order to give your Corporation maximum flexibility to implement its share buyback program, which objectives were explained under the resolution 4 submitted to your approval.

This authorization would be given for a period of five years and would expire at the conclusion of the Shareholders’ Meeting called in 2027 to approve the financial statements for fiscal year ending December 31, 2026.
Proposed resolutions presented by the Board of Directors

Resolutions within the remit of the Ordinary Shareholders’ Meeting

1st RESOLUTION
(Approval of the statutory financial statements for the fiscal year ended December 31, 2021)

Voting under the conditions of quorum and majority required for Ordinary Shareholders’ Meetings, upon presentation of the reports by the Board of Directors and the statutory auditors, the shareholders approve the statutory financial statements for the fiscal year ended December 31, 2021, as presented to them, as well as the transactions reflected in these accounts and summarized in these reports.

2nd RESOLUTION
(Approval of the consolidated financial statements for the fiscal year ended December 31, 2021)

Voting under the conditions of quorum and majority required for Ordinary Shareholders’ Meetings, upon presentation of the reports by the Board of Directors and the statutory auditors, the shareholders approve the consolidated financial statements for the fiscal year ended December 31, 2021, as presented to them, as well as the transactions reflected in these accounts and summarized in these reports.

3rd RESOLUTION
(Allocation of earnings and declaration of dividend for the fiscal year ended December 31, 2021)

Voting under the conditions of quorum and majority required for Ordinary Shareholders’ Meetings, the shareholders acknowledge that net earnings for the fiscal year ended December 31, 2021 amount to €6,868,038,099.92 euros. Given available retained earnings of €13,621,665,844.94 euros, the distributable profit to be allocated amounts to €20,489,703,944.86 euros.

The Shareholders’ Meeting, on the proposal of the Board of Directors, decides to allocate the distributable profit for the year ended December 31, 2021, as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
<tr>
<td>Distributable profit</td>
<td>€20,489,703,944.86</td>
</tr>
</tbody>
</table>

91/92 The amount of the legal reserve having reached the threshold of 10% of the share capital, no allocation is proposed.
The total dividend for the fiscal year 2021 would amount to €3,662,205,041. 90 euros, amount paid for the first and second interim dividends for the fiscal year 2021 (respectively 1,742,568,006.54 euros and 1,719,636,135.36 euros).

**4th RESOLUTION**

**Authorization granted to the Board of Directors, for a period of 18 months, to acquire, directly or indirectly through subsidiaries, Corporation holding more than 10% of the share capital, either directly or indirectly through subsidiaries.**

According to the intended purposes, the treasury shares that are acquired by the Corporation through this program may, in accordance with the applicable rules and regulations at the date of the operations under consideration, except during any public offering periods applying to the Corporation’s share capital.

The maximum purchase price is set at €80 per share. Under these circumstances, the maximum number of shares that may be bought back under this authorization may not exceed 10% of the total number of shares composing the capital as of the date on which this authorization is used. This limit of 10% is applicable to the share capital of the Corporation which may be adjusted from time to time as a result of transactions after the date of the present Meeting. Purchases made by the Corporation may unilaterally result in the Corporation holding more than 10% of the share capital, either directly or indirectly through subsidiaries.

At February 28, 2022, out of the 2,609,763,803 shares outstanding, the Corporation held 11,919,903 shares directly. Under these circumstances, the maximum number of shares that the Corporation could buy back is 340,056,477 shares and the maximum amount that the Corporation may spend to acquire such shares is €19,924,518,160.00 (excluding acquisition fees).

The purpose of this share buyback program is to reduce the number of outstanding shares of the Corporation or to allow it to fulfill its engagements in connection with:

- dividend payments to shareholders,
- share purchase option plans, employee shareholding plans, company savings plans or other share allocation programs for executive directors or employees of the Corporation or TotalEnergies’ companies.

The purpose of this share buyback program may also be the implementation of the market practice accepted by the French Financial Markets Authority (Autorité des marchés financiers), i.e., support the secondary market, and of the French General Tax Code (article 242-1 et seq. of the French General Tax Code), and information appearing in the description of the program or in the documents presented by the Board of Directors to the shareholders at the Annual General Meeting on April 26, 2022.

This authorization is granted for an 18-month period from the date of this Meeting. It renders ineffective, up to the unused portion, any previous authorization having the same purpose. The Board of Directors is hereby granted full authority, with the right to delegate such authority, to undertake all actions authorized by this resolution.

**5th RESOLUTION**

**Agreements covered by Articles L. 225-38 et seq. of the French Commercial Code**

Upon the presentation of the special report of the statutory auditors and of the report of the French General Tax Code concerning the agreements covered by Articles L. 225-38 et seq. of the French Commercial Code, and voting under the conditions of quorum and majority required for Ordinary Shareholders’ Meetings, the shareholders hereby approve the special report of the statutory auditors, in which no new agreement is mentioned.

**6th RESOLUTION**

**(Renewal of Ms. Lise Croteau’s term as director)**

Resolutions for the Extraordinary Shareholders’ Meeting

17th RESOLUTION
(Delegation of competence granted to the Board of Directors, for a period of twenty-six months, to increase the capital either by issuing ordinary shares and/or securities giving access to the Corporation’s share capital or by incorporation of reserves, earnings or other, with maintenance of the shareholders’ preemptive subscription right)
Voting under the conditions of quorum and majority required for Extraordinary Shareholders' Meetings, after having reviewed the report of the Board of Directors and the special report of the statutory auditors, in accordance with the provisions of Articles L. 225-129, L. 225-129-2 and L. 1289-91 et seq. of the French Commercial Code, the shareholders:
1. delegate to the Board of Directors, with the option of sub-delegation under the conditions provided for by law, its competence to decide on one or more capital increases by issuing, in France or abroad, in the proportions and at the times that it shall see fit, in euros, in foreign currencies or in any monetary unit established by reference to several currencies, ordinary shares of the Corporation and/or securities giving access by any means, immediately and/or in the future, to new or existing ordinary shares of the Corporation
2. resolve, on the one hand, that the total nominal amount of the capital increases likely to be carried out in this way, immediately and/or in the future, in France or abroad, may not exceed an overall ceiling of two billion five hundred million euros, i.e. one billion ordinary shares with a unit nominal value of 2.50 euros, a ceiling to which shall be added, where applicable, the nominal value of the shares to be issued to the Corporation's share capital or to the shareholders’ preemptive subscription right, and (ii) the twenty-second resolution of this Meeting relating to the implementation of capital increases reserved for members of a company or group savings plan. In addition, on the total nominal amount of capital increases likely to be carried out pursuant to the eighteenth resolution below, shall be deducted, where applicable, the nominal amount of capital increases likely to be carried out pursuant to:
   1. the nineteenth resolution relating to the issue of ordinary shares and/or securities giving access to the Corporation’s share capital through an offer referred to in Article L. 411-2, 1° of the French Monetary and Financial Code.
   2.
7° resolve that the total nominal amount of the capital increases likely to be carried out immediately and/or in the future, may be reduced and, within the nominal unit value of 2.50 euros, it being specified that the nominal amount of the capital increases shall be deducted from the capital authorized by this Meeting in the seventeenth resolution;
2° resolve that the total nominal amount of the capital increases likely to be carried out in this way immediately and/or in the future, may not exceed two hundred and fifty million euros, i.e. two hundred and sixty million ordinary shares of a nominal unit value of 2.50 euros, it being specified that these amounts of capital increases carried out pursuant to this resolution will be deducted from the ceiling of six hundred and fifty million euros authorized by the eighteenth resolution;
3° further resolve, that the total nominal amount of securities representing debt securities giving access, immediately and/or in the future, to the share capital of the Corporation, likely to be issued pursuant to this resolution and under the seventeenth, eighteenth and twenty-first resolutions, may not exceed a ceiling of ten billion euros, or its equivalent in any other currency, on the date of the decision to issue;
4° resolve to cancel the preemptive subscription right of the shareholders to ordinary shares and securities giving access immediately and/or in the future, to the share capital of the Corporation that may be issued under this delegation;
5° acknowledge that, in accordance with Article L. 225-132 of the French Commercial Code, the decision to issue securities giving access to the share capital of the Corporation automatically entails the waiver by shareholders of their preemptive subscription right to equity securities to which the securities issued under this delegation would give right, immediately and/or in the future, for the benefit of holders of these securities;
6° resolve that the issue price of the equity securities that may be issued by virtue of this delegation, immediately and/or in the future, shall be determined in accordance with the provisions of Article L. 225-10-32 and Article R. 225-30-2 of the French Commercial Code, the shareholders:
7° resolve that the Board of Directors shall have all powers, with the option of sub-delegation under the conditions provided for by law, to implement this resolution and, in particular, to:

• set the terms and conditions of the capital increase(s) and set the dates, terms and conditions of the issues carried out pursuant to this resolution, determine the nature and characteristics of the securities giving access to the share capital of the Corporation, the conditions for the allocation of equity securities to which these securities would give right as well as the preemption subscription right authorized by this Meeting in the eighteenth resolution;

• set the opening and closing dates for subscriptions, the price, the venue for the issue, the date for share release modalities, agree time limits for their release,

• make all the adjustments intended to take into account the impact of transaction on the share capital of the Corporation,

• charge, if it deems it appropriate, the costs, duties and fees generated in connection with the implementation of the interests of the corresponding premiums and, if necessary, deduct from this amount the sums necessary to take the legal reserve to one-tenth of the new share capital after each issue,

• and, more generally, do all that may be useful or necessary and conclude all agreements or conventions, in particular to achieve the implementation of the issues envisaged, perform all acts and formalities to the effect of recording the capital increase(s), amend the Articles of Association accordingly and carry all formalities required for
