Resources and ecosystem

101,309 employees
Nearly 160 nationalities
More than 740 business-related competencies

More than 400 talent developers to help employees along their professional development path

420,000 days of training

Integrated value chain

101 Mm³ of gross installed renewable power generation capacities

More than 25,000 EV operated charge points

16 refineries including 1 biorefinery

27 petrochemical sites including 6 integrated platforms (refining-petrochemicals)

85 specialty chemicals production sites

98 refining and petrochemical sites operated in more than 70 countries

Reducing GHG emissions (Scope 1+2) on operated facilities from 10.3 GW (1) of gross installed renewable power generation capacities

More than 2,819 kboe/d

Proved reserves of 12.1 Bboe

27,819 kboe/d

Nearly 16,000 service stations operated in more than 70 countries

More than 25,000 production sites

Operating cash flow before working capital changes without financial charges: $30.7 billion

Net investments: $13.3 billion

Gearing ratio (excluding leases): 15.3%

Reducing methane emissions from operated facilities by 50% between 2020 and 2020 and by 23% between 2020 and 2021

Pre-dividend organic cash breakeven: $23/boe

Reduction of methane emissions (Scope 2) from operated facilities from 3% in 2020 to 2.7% in 2021

The level of 2015 compared to 2021

Reducing GHG emissions (Scope 3) in Europe by 14% excluding the COVID-19 effect in 2021, between 2015 and 2021

Reducing carbon intensity of the energy products used by customers by 10% excluding the COVID-19 effect between 2015 and 2021

$849 million R&D budget:

101.8 TWh in production and solutions bearing the Ecosolutions label

More than 100 product development in host countries with contributions amounting to $8,158 million in income tax

$7,719 million in production taxes paid by EP activities

$2,217 million in employer social charges

$21,229 million in excise taxes

A global integrated local development approach (in-country value)

$8.2 billion distributed as dividends (excluding dividends paid to non-controlling minority interests)

65% of employees are shareholders

Fostering social and economic development in host countries with contributions amounting to $8,158 million in income tax

Nearly 16,000 skilled jobs created or supported by TotalEnergies

More than 1,000 skill-building initiatives

Reducing Scope 3 GHG emissions of the Company by 14% in 2021, compared to 2015

Reducing Scope 1+2+3 in Europe by 42% between 2010 and 2021

Reducing Scope 3 GHG emissions of the Company by 14% in 2021, compared to 2015

Reducing greenhouse gas emissions (Scope 1+2) on operated facilities from 0.1 to 0.06 Gt of CO₂e excluding the COVID-19 effect between 2015 and 2021

$9.2 billion paid (including social security charges)

$132 million for training

92.8% of employees on permanent contracts; 40.3% of employees hired on permanent contracts

89.9% of employees hired by the Company and 65.3% of managers hired were non-French nationals

$205.9 billion sales:

2nd largest private LNG player worldwide with 42.0 Mt of LNG sold in 2021, including 17.6 Mt from equity production of the Company

101.2 TWh of power delivered to 2.7 million B2B and B2C clients sites

$6.6 TWh of power delivered to 6.1 million residential and commercial clients sites

More than 25,000 purchases of goods and services, worth €132 billion

More than 100,000 direct and indirect jobs worldwide

Nearly 160,000 jobs worldwide

More than 740 business-related competencies

Nearly 160 nationalities

More than 400 talent developers to help employees along their professional development path

420,000 days of training

Sales: $205.9 billion

$132 million for training
