

PRESS RELEASE

## **France: Start of the summer discount of €0.12/litre in all TotalEnergies motorway service stations**

**Paris, 30 June 2022** – To help all those hitting the road for a holiday in France this summer, TotalEnergies has just announced a summer discount of €0.12/litre in all of the motorway service stations under the TotalEnergies banner in mainland France.

### **A discount for the whole summer holiday season**

From 1 July to 31 August 2022, TotalEnergies is offering a €0.12/litre discount on fuel. This discount comes on top of the State discount of €0.18/litre including VAT and the overall discount at TotalEnergies service stations will therefore be €0.30/litre.

As a result, a motorist visiting one of TotalEnergies' motorway service stations will save €0.30/litre, which is equivalent to a saving of €15 for a 50-litre tank.

During this summer period, customers will also find the usual “beach towels” and “Family Kit” offerings for parents and their children at our motorway service stations.

### **A solidarity contribution for purchasing power**

The current global context is one of great tension in the energy markets. For several months now, rising energy costs have been pushing up fuel prices and weighing on people's purchasing power in France, particularly those with the least to spend, for whom a car is indispensable for getting around.

In response, TotalEnergies is once again making a commitment to its customers in France with this summer discount, which is expected to reach about 17 million people.

### **Key points to bear in mind about the TotalEnergies summer discount**

- The discount amounts to €0.12/litre...
- ...in all TotalEnergies motorway service stations...
- ...from 1 July to 31 August 2022...
- ...from the 1<sup>st</sup> litre purchased, with no limit on the amount...
- ...for petrol (excluding Superethanol E85) and diesel (excluding off-road diesel).
- ...and, when added to the €0.18/litre discount from the French State, this discount amounts to €0.30/litre.

## About TotalEnergies

TotalEnergies is a global multi-energy company that produces and markets energies: oil and biofuels, natural gas and green gases, renewables and electricity. Our more than 100,000 employees are committed to energy that is ever more affordable, cleaner, more reliable and accessible to as many people as possible. Active in more than 130 countries, TotalEnergies puts sustainable development in all its dimensions at the heart of its projects and operations to contribute to the well-being of people.
