COMMENTS:

The registered transaction Date is the booking date of the transaction.

This English version is a free translation of the notification published in French by the French Financial Market Authority on its website (available [here](#)). In case of discrepancy between the French and the English versions, please refer to the French one.

The transaction's net asset value ("valeur liquidative") date is 03/31/2026.

Capitalized dividends – TOTALENERGIES ACTIONNARIAT FRANCE « A » PART C (ISIN: QS0009061084).

Note:

"The above-mentioned amount corresponds to the purchase of units in a FCPE invested in TOTALENERGIES S.E., and not to the direct purchase of TOTALENERGIES S.E. securities."

In employee savings plans, the "subscriber" does not purchase a number of shares but units of an Employee Investment Fund ("Fonds Commun de Placement d'Entreprise" or FCPE).

This invested amount divided by the net asset value (unit price) yields a number of units that may be less than 1, if the invested amount is lower than the FCPE's net asset value.
