### Statutory auditor's review report on the condensed interim financial statements

To the Chairman and Chief Executive Officer,

In our capacity as statutory auditor of TotalEnergies Capital and further to your request, we have reviewed the accompanying condensed interim financial statements of the Company for the period from January 1 to September 30, 2024, as they are attached to this report.

These condensed interim financial statements were prepared under the responsibility of Management. As they are not intended to be presented to the shareholders, they have not been approved by your Board of Directors. Our role is to express a conclusion on these condensed interim financial statements based on our review.

We conducted our review in accordance with professional standards applicable in France and the professional guidance issued by the French Institute of Statutory Auditors (Compagnie nationale des commissaires aux comptes) applicable to such engagement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with professional standards applicable in France and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the condensed interim financial statements have not been prepared, in all material respects, in accordance with the evaluation and accounting principles set out in the notes to the condensed interim financial statements.

This report is governed by French law. The courts of France shall have exclusive jurisdiction over any claim or dispute resulting from our engagement letter or this report, or any related matters. Each party irrevocably waives its right to oppose any action brought before French courts, to claim that the action is being brought before an illegitimate court or that the courts have no jurisdiction.

### Basis of preparation of condensed financial statements

Those interim financial statements were prepared with respect to the French National Accounting Board (Conseil National de Comptabilité) "recommendation n°99.R.01" dated 18<sup>th</sup> March 1999 and related to the interim financial statements. They do not include all the information usually required in the financial statements according to the French GAAP. However, they present a selection of notes describing significant facts and operations in order to understand the evolution in the financial statements and performance of the company that could have occurred since the last financial statement as of 31<sup>st</sup> December 2023.

### SIGNIFICANT EVENTS

During the third quarter of 2024, TotalEnergies Capital continued its activity on debt capital markets through Commercial Paper issuances, as well as its activity of interest rate and currency risk management.

For short-term borrowings, TotalEnergies Capital can issue under Commercial Paper programmes (US CP, EURO CP) and under a NEU CP (ex Billets de Trésorerie) programme.

For long-term borrowings, TotalEnergies Capital can issue along with TotalEnergies SE, TotalEnergies Capital Canada and TotalEnergies Capital International, as principal issuer under an EMTN programme (guaranteed by TotalEnergies SE), renewed on September 10, 2024, under a US SEC-Registered Shelf programme (guaranteed by TotalEnergies SE) and under an AMTN programme in Australia (guaranteed by TotalEnergies SE) not renewed as of September 10, 2024. TotalEnergies Capital can also issue on a stand-alone basis (guaranteed by TotalEnergies SE).

During the third quarter of 2024, TotalEnergies Capital has issued debenture loans at fixed rates for an aggregate nominal amount of 3 000 M USD in three tranches.

TotalEnergies Capital's issuance programmes have long-term and short-term ratings by Standard and Poor's: A+/A-1, and by Moody's: A1/P-1. These ratings were made possible thanks to TotalEnergies SE's guarantee granted to these programmes. TotalEnergies SE has a long-term and a short-term rating by Standard and Poor's: A+/A-1 with a Stable outlook on the long-term rating, and by Moody's: A1/P-1 with a Positive outlook on the long-term rating. On March 25<sup>th</sup>, 2024, rating agency Moody's changed TotalEnergies SE's outlook to Positive from Stable.

### **NOTE 1: ACCOUNTING RULES**
