ARTICLE 2 – CONTRACTUAL DOCUMENTS

After having negotiated, the Parties agreed that the Contract constitutes the agreement by and between the parties and in this respect shall prevail over and override any and all terms and conditions contained in invoices

issued by the Supplier and in any other documents issued by the parties and shall be applicable unless statutory provisions stipulate otherwise.

Verbal undertakings and agreements shall be of no force and effect unless they are confirmed by written agreement between the parties. The Customer shall not be liable for any performance by the Supplier pursuant to a request made verbally or to a verbal modification of the Contract. The Supplier may propose duly identified changes or additions to the GTCP. Any changes or additions to the GTCP proposed by the Supplier shall be expressly conveyed in writing at the same time as its response to the Customer's consultation. If no changes or additions are proposed, the Supplier's response without reservations, or commencing performance or delivering the Supply without reservations by the Supplier, shall be deemed acceptance of the GTCP. Modifications or departures from these Conditions shall only apply if they have been agreed in writing between the parties and they shall only be valid for the Contract in question. The Supplier shall not rely on these modifications and departures for other contracts.

The Contract constitutes the entire agreement between the parties and cancels and supersedes all previous exchanges, undertakings and agreements relating to the Supply.

ARTICLE 3 – ACCEPTANCE OF THE CONTRACT AND ELECTRONIC TRANSACTIONS

3.1 GENERAL

Any Contract shall be in writing. Any Contract gives rise to the issue of an Order Form.

The Supplier shall acknowledge receipt in writing of the Order Form within seven (7) calendar days from the date on which the Order Form was sent. If the Supplier doesn't acknowledge receipt of the Order Form within such period, the Customer shall have a further period of seven (7) calendar days in which to notify the Supplier of the Customer's decision to cancel the Order Form without compensation or other indemnity.

Acceptance of the GTCP does not confer any exclusivity in favour of the Supplier.

3.2 ELECTRONIC TRANSACTIONS

3.2.1 General principles

If the Customer and the Supplier so provide in the specific terms and conditions of the Contract, their commercial transactions for the purchase of the Supply shall be performed in whole or in part by electronic means. These transactions shall be performed either through an electronic marketplace (hereinafter referred to as the "Electronic Market") to which the parties shall adhere by contracting with the Electronic Market provider, or through any other electronic means. Further terms and conditions relating to the use of electronic means shall be set out in the specific terms and conditions.

Transactions based on an electronic Order Form shall not be exclusive of any other form between the Customer and the Supplier.

All terms and conditions of the Contract shall equally apply to electronic transactions.

3.2.2 Proof of electronic transactions

Where a transaction is performed through electronic means, both parties are deemed to act in full knowledge of the technical specifications (or, by joining the Electronic Market, the parties are deemed to have accepted its technical specifications) aimed at ensuring the identification, integrity and generally the security of correspondence between them. In particular, an electronic Order Form and subsequent electronic notice of acceptance thereof by the Supplier shall constitute an electronic signature which, as between the parties, shall have the same effect as a handwritten signature and shall also constitute proof of the Order Form and of its acceptance by the Supplier.

Consequently, unless otherwise provided for in the Contract, the electronic registers stored on the computer system in good security conditions, are agreed to be conclusive evidence of the entire electronic correspondence between the parties and, as the case may be, of the payments made. In particular, if a date or hour time limit is set, only the computer dating system of the Customer shall be conclusive evidence as between the parties.

The parties expressly waive all rights to question the appropriateness of or to challenge the validity of any contractual undertaking conducted by way of exchange of electronic correspondence and which is stored in the form set out above.

ARTICLE 4 – CHANGES TO THE SUPPLY

The Customer shall be entitled to request in writing that the Supplier make changes to the Supply as initially defined in the Contract. Depending on the nature of the proposed change, the Customer shall consult the Supplier and obtain its advice about the impacts of requested change.

The Supplier shall inform the Customer as soon as possible and in any event no later than seven (7) calendar days following the Customer's request, of the new delivery date, of any cost variation of the Supply and more generally any other effect on the Contract arising directly from such changes. The Supplier shall perform such changes only upon signature by the parties of an amendment to the Contract or, at the very least, upon receipt of the Customer's prior written acceptance of the project estimate and any changes to the cost of the Supply.

ARTICLE 5 – DELIVERY

5.1 DELIVERY TERMS

All deliveries shall be performed in accordance with the latest edition of Incoterms or any other delivery terms and conditions specified in the Contract. Should the Contract be silent on the terms and conditions of delivery, all deliveries shall be made "Delivered Duty Paid - named place of destination" (DDP), in accordance with the latest edition of Incoterms, at the place of delivery agreed, during working days and normal working hours as defined in the Contract. The place of delivery shall be that set out in the Order Form. The Customer is entitled to change the place of delivery by notifying the Supplier in writing of such change in advance of the expected date of dispatch of the Supply. Any partial delivery is subject to the Customer's prior written consent.

5.2 PACKING – LABELLING – MARKING

The Supplier shall be responsible for packing the Supply which shall be suitable for the means of transport used and for the Supply carried in accordance with all statutory provisions and industry standards. In all cases, the packing shall be adequate so as to prevent any damage to the Supply during transport, handling and storage at the place of delivery. The Supply shall be duly labelled and packed in an appropriate manner and the parcels marked by the Supplier in compliance with all applicable statutory provisions and moreover as provided for in the Contract.

5.3 COMPLIANCE WITH DEADLINES OR DELIVERY TIMES – INCENTIVES

Compliance with deadlines and delivery times is an essential condition of the Contract. Whenever failure to comply with deadlines and delivery times is foreseeable, the Supplier shall inform the Customer immediately in writing of the extent of and reasons for the non-compliance. In case the Supplier does not comply with the deadline and delivery time defined in the Contract (whether by early or late delivery) and absent written acceptance by the Customer of the new deadline and delivery time, the Customer shall be entitled to either return to the Supplier the Supply, at the Supplier's cost, or otherwise to store the same until it is taken back by the Supplier, all at the risks and cost of the Supplier.

The Customer may apply the incentive amounts specified in the Contract, if the Supply is delivered late by the Supplier and/or any of its Subcontractors, except if the Supplier is able to prove that it and/or they did not cause such delay. These incentives shall where relevant have the legal effect of "*astreinte*".

The payment by the Supplier of these incentives shall not affect the Customer's right to claim damages against the Supplier, in addition to the refund of sums already paid by the Customer for the Supply (if any), and/or to terminate all or any part of the Contract without notice and as of right, in accordance with the provisions of article 20.1.2.

ARTICLE 6 – REGISTRATIONS, APPROVALS, AUTHORISATIONS

The Supplier warrants that it and its Subcontractors, if any, have all statutory registrations, approvals and authorisations required to perform the Contract including but not limited to all licences, permits and registrations with public authorities and all authorisations and certifications as are required from professional organisations. The Supplier shall deliver to the Customer a copy thereof prior to beginning the performance of the Contract.

In the event any or all such licences, permits, registrations, approvals and/or authorisations are withdrawn from the Supplier or from any of its Subcontractors or are not renewed, the Supplier shall immediately inform the Customer of the same whereupon the Customer shall be entitled to terminate all or any part of the Contract in accordance with the provisions of article 20.1.2.

ARTICLE 7 – PREVENTION OF ILLEGAL LABOUR

The Supplier guarantees that its personnel and the personnel of its Subcontractors (if any), involved in the performance of the Contract, shall be employed and registered in full compliance with the applicable legislation.

ARTICLE 8 – ACCEPTANCE OF THE SUPPLY

Acceptance of the Supply is expected to occur following verification by the Customer that the Supply is in Conformity with the Contract and, where applicable, following receipt by the Customer or by its representative of the documents relating to the sale of the Supply, including certificates relating to materials and drawings, and more generally receipt of any document set out in the Contract. At any time of such verification, the Supplier shall also deliver to the Customer all information and documents required for the safe and proper use of the Supply.

The absence of a refusal of the Supply by the Customer at the time of delivery and/or the payment of the price of the Supply shall not constitute acceptance. If the Supply is expressly refused, it shall be kept available to the Supplier at the place of delivery, at the Supplier's risks and costs. In the event of such refusal, and unless the Customer decides otherwise in writing, the Supply shall, at the choice of the Customer, either be repaired or be replaced not later than seven (7) calendar days following refusal by the Customer. The Supplier shall not raise any objection, including regarding its own manufacturing or delivery schedule, with regards to fulfilling the above obligation to repair or to replace.

ARTICLE 9 – TRANSFER OF TITLE AND OF RISKS

The transfer of title shall occur on delivery of the Supply, except if all or part of payment is made before the delivery date, in which case the transfer of title shall occur in advance as soon as the Supply can be identified. In the latter case, the Supplier undertakes to identify and to set aside in the name of the Customer the Supply, being deliverable from the performance of the Contract, as and when manufactured, in such a way that it cannot be confused with the Supplier's own stock or with any other supplies to be delivered to third parties. The Supplier shall ensure that its Subcontractors provide similar waiver.

The Supplier waives any right to rely on any title retention clause not expressly agreed by the Customer. The Supplier shall ensure that its own supplier's chain and its Subcontractors do the same.

Unless otherwise specified in the Contract, the transfer of risks shall occur in all cases on delivery of the Supply, except in the event of refusal of such Supply as provided in article 8 .

ARTICLE 10 – PRICES

Unless otherwise specified in the Contract, the prices stated in the Contract are fixed lump sums and shall not be subject to any revision. These prices shall include, but not be limited to, all costs incurred in connection with manufacturing, packing, loading, transport and unloading of the Supply. All prices are excluding VAT.

The Supplier shall bear all costs relating to customs duties, taxes, fees and levies that it owes.

ARTICLE 11 – INVOICING AND PAYMENT TERMS

Unless otherwise provided for in the Contract, invoices shall be issued by the Supplier in duplicate, in compliance with all applicable statutory provisions and the provisions of the Contract, in the name of the Customer. The invoices shall be sent at the address specified in the Order Form and shall quote the reference number of the Contract and the Order Form. All invoices shall be made out in the currency specified in the Contract.

The Customer may request of the Supplier to implement an electronic invoicing system. Technical, functional and operational specifications of such system will be agreed in writing by the parties.

Where it is agreed that the costs of some services, such as transport, are to be paid by the Customer separately from the price of the Supply, the Supplier shall submit detailed vouchers and other relevant documents to the Customer.

Unless otherwise provided for in the Contract, the Customer shall pay the invoice within thirty (30) days following the end of month in which the invoice is issued, i.e. 30 days after the end of the month in which the invoice is issued.

Any undisputed invoice due and payable by Customer shall bear interest thereon from the due date of such invoice, calculated:

- (a) (a) for invoices governed by the mandatory French laws on payment term, at the rate equal to three times the French legal interest rate in effect in France; or
- (b) (b) for any other invoices, at the average rate (for the period of delayed payment) of the three (3) months European Inter Bank Offered Rate (as published by the Banque de France) or its substitute as may be agreed by the Parties, plus one percent (1%).

Payment will be made in the manner provided for in the Contract, namely by bank transfer or, exceptionally, by check.

Payment of the invoice shall not affect the Customer's right to dispute in writing any unjustified charge.

In the event the Customer justifiably disputes all or part of an invoice or a Supply, the obligation to pay the sum in dispute shall be suspended. The Customer shall send a memorandum stating the reasons for its dispute. If agreement is reached on the dispute, the Supplier shall correct the invoice.

ARTICLE 12 – PERSONAL DATA PROTECTION

If personal data is processed, the Supplier warrants that it will process such data in compliance with the applicable statutes.

ARTICLE 13 – WARRANTIES

13.1 PURPOSE

The Supplier shall, irrespective of the Customer having any prior competence or knowledge, give the Customer all necessary information, advice and warnings in relation to the nature and composition of the Supply. The Supplier shall warn the Customer about the risks related to the Supply, including but not limited to health and safety risks or concerns and any other hazardous risks.

The Supplier warrants that it has the full right to sell the Supply and that the Supply is free from any encumbrances, rights and privileges of any third party. The Supplier warrants that the Supply corresponds to any description, specification and to any samples referred to in the Contract. The Supplier further warrants that the Supply is fit for the purpose(s) and objective(s) specified by the Customer and shall have no recourse to any purported lack of accuracy in the documents attached to the Contract.

The Supplier shall observe all laws, rules, provisions and highest industry standards applicable to the Supply, in particular with regard to production, manufacture, repair, price definition, delivery and recycling, in order to ensure that such Supply may be lawfully purchased, sold, used, transported and exported.

13.2 DURATION AND SCOPE

Unless otherwise provided for in the Contract, the Supplier warrants, for a period of twelve (12) months, from the date of the first use of the Supply and for a maximum of eighteen (18) from the date of delivery, that the Supply is free of all defects, defaults, contamination and abnormal wear of whatsoever nature. Should the Supply be defective, the Customer shall at its option request the Supplier either to repair or to replace the Supply. If the Supplier does not do so within seven (7) calendar days from the date of the request by the Customer, the Customer may take appropriate measures to remedy the same itself or through a third party. In any event, the Supplier shall bear all costs of any replacement and repair of the Supply, including but not limited to travel expenses, costs of returning the Supply to the factory and any spare parts and labour, without prejudice to any other rights or remedies of the Customer.

Any replacement or repair of the Supply under warranty shall give rise to a new warranty for a minimum period of twelve (12) months from the date of delivery of the repaired or replaced Supply.

The Supplier remains bound by all applicable statutory warranties and product liability guarantees as well as for latent defects.

13.3 AVAILABILITY OF SPARE PARTS

The Supplier warrants the prompt availability of all spare parts required for the correct operation of the Supply for a minimum period of ten (10) years from the date of delivery, unless otherwise specified in the Contract. The applicable price for such spare parts after the contractual or statutory warranty period shall be agreed by the Parties.

ARTICLE 14 – HEALTH, HYGIENE, SAFETY AND ENVIRONMENT

The Supplier undertakes, on its own behalf and on behalf of its personnel and its Subcontractors (if any), to comply and to ensure compliance with the statutes, standards and best practices applicable with respect to health, safety, working conditions and the environment.

When delivering the Supply to a site designated by the Customer, the Supplier shall comply, and ensure that all of its employees, representatives or Subcontractors comply, with the rules in force on the site designated by the Customer with regard to health, hygiene, safety, working conditions and the environment as well as all applicable legislation and regulations.

If the Supplier, its employees, representatives or Subcontractors do not comply with any of these obligations, the Customer reserves the right to refuse the Supplier, its employees or Subcontractors access to or continued presence on the site. All consequences arising out of or in relation to non-compliance with any of these obligations, and the denial of access to or of continued presence on the site, including any costs incurred by the Supplier as a result of such denial, shall solely be borne by the Supplier.

In case of complementary installation services on the Customer's site, the Supplier and/or its Subcontractors present on the site shall ensure that its personnel and/or the personnel of its Subcontractors shall be fluent in the official language of the site and shall be able to communicate, to apply and to ensure that all instructions, rules and procedures in force on the site are applied.

In the event the Supply contains chemical substances that make it fall under Regulation "Reach" (European Regulation n°1907/2006, hereinafter referred to as "Reach Regulation"), the Supplier warrants that it comply with and have its Subcontractors or suppliers to comply with all of the obligations provided by the Reach Regulation and its subsequent amendments. All consequences of non-compliance with the Reach Regulation shall be borne by the Supplier. In case the commercialisation of the Supply is discontinued as the result of the Reach Regulation, the Supplier shall notify to the Customer in writing the discontinuity effective date with a six (6) months' prior notice, unless otherwise provided in the Contract.

ARTICLE 15 – QUALITY

15.1 QUALITY CONTROLS

The Supplier represents that it has a quality management system in place.

The Supplier shall implement all measures, including, without limitation, quality controls, necessary to ensure that the Supply is in Conformity.

15.2 TRACEABILITY

Upon written request from the Customer, the Supplier undertakes to provide to the Customer all information necessary to identify the origin, place and date of manufacture of the Supply and its components, the quality controls performed in relation to the Supply and any other relevant information, as well as, the serial or batch numbers, when applicable.

ARTICLE 16 – AUDITS

Subject it notifies seven (7) calendar days in advance the Supplier, the Customer or its representative shall be entitled to carry out audits at the sites of the Supplier, its Subcontractors or at any other site before and/or during the performance of the Contract.

Within the frame of the Contract or the Supply, such audits will include, but not be limited to, the verification of compliance with the Supplier's contractual obligations, whether contractual, regulatory, or concerning standards or best practices in the industry. Information obtained shall not be used for purposes other than the audit and its consequences.

These audits carried out by the Customer shall not reduce the Supplier's contractual liability in any way whatsoever, for example regarding the extent of the Supplier's own required quality controls, and further they shall not affect the Customer's right to subsequently refuse all or part of the Supply on delivery. The Supplier shall provide to the Customer all assistance required to carry out such audits.

ARTICLE 17 – LIABILITY AND INSURANCE

17.1 LIABILITY

Each party shall be liable for any damage that it or its employees, representatives and/or Subcontractors causes to the other party or to a third party in relation to the Supply and/or arising in connection with the performance of the Contract. Such party shall indemnify and hold the other party and its insurers harmless against any such damage, cost and/or liability that the other party may suffer.

the Supplier's insurer or insurance broker certifying the existence, insured amounts, guarantees, duration and renewal dates of the policy or policies. These insurance certificates shall conform with the insurance certificate examples (if any) appended to the Contract.

None of the amounts set out above shall be construed or interpreted as limiting the Supplier's liability in any respect.

ARTICLE 18 – FORCE MAJEURE

None of the Parties shall be deemed in breach of their contractual obligations to the extent that their non-performance is due to an event of Force Majeure. Force majeure shall only relieve the Affected Party from its contractual obligations to the extent and for such period as the said party is prevented from performing those obligations. Each Party shall bear its own expenses resulting from the occurrence of a Force Majeure event.

The Affected Party by an event of Force Majeure shall immediately notify the other party ("the Non-Defaulting Party") of the situation in writing confirmed by registered letter with receipt, supplying all necessary documentary evidence of the Force Majeure event. The Non-Defaulting Party shall have the right to verify the existence of the situation. The party invoking an event of Force Majeure shall make every effort to mitigate as far as possible any adverse effect arising from this situation.

ARTICLE 19 – ASSIGNMENT – SUBCONTRACTORS

19.1 ASSIGNMENT AND CHANGE OF CONTROL

In the event of the Supplier merging with a company not controlled by the same company as the company controlling the Supplier, or in the event of a contribution in kind to a company which is not controlled by the company controlling the Supplier, or in the event of a change of control of the Supplier, the Supplier shall immediately notify the Customer thereof. For the purposes of this article 19.1, control shall mean ownership or possession of more than fifty percent (50%) of the shares in the capital giving voting rights or the right to elect a majority of the board of directors of another company. Within thirty (30) calendar days following the sending of such notice, the Customer will be entitled to terminate the Contract, without any indemnity, subject to a two (2) months' prior written notice, all Orders under execution at the time of the termination being excluded from such termination.

Where the Contract is assigned by the Supplier to a third party, all the Customer's rights arising from the Contract, including the right to claim damages, shall be enforceable against such third party. In all cases, the Supplier shall remain solely liable for the proper performance of the entire Contract. The Supplier shall indemnify and hold the Customer harmless from and against any and all claims by the Supplier's Subcontractors or by the personnel of such Subcontractors.

ARTICLE 20 – TERMINATION

20.1 TERMINATION FOR NON-PERFORMANCE

20.1.1 Either party shall be entitled to terminate as of right all or any part of the Contract in the event of breach of an obligation by the other party that is not remedied within fifteen (15) calendar days after receipt of a written notice to do so. In particular, the Customer shall be entitled to terminate all or any part of the Contract in the event of default or breach or failure relating to the quality, characteristics, manufacture or performance of the Supply.

20.1.2 The Customer shall be entitled to terminate all or any part of the Contract as of right and without prior notice, but only in the following situations:

- in the event of repeated breaches by the Supplier or repeated defaults of the Supply set out in article 20.1.1; or
- because of the Supplier's breach(es) of one or more rules concerning health, hygiene, safety, working conditions or environmental protection that may be detrimental to persons or property; or
- in the event the consequences of such breaches are irreparable, in particular in the event of non-compliance with Article 5.3 entitled "Compliance with deadlines and delivery times – Incentives", Article 6 "Registrations, Approvals, Authorisations" and Article 23 entitled "Confidentiality"; or
- in any other circumstance so provided for in the Contract.

In such cases, termination shall be effective immediately upon receipt by the Supplier of the notice of termination.

20.1.3 In the event of termination of all or any part of the Contract by the Customer, all payments already made and concerning any undelivered portion of the Supply shall be immediately refunded to the Customer.

The right of a party to terminate all or any part of the Contract is without prejudice to its rights to claim damages against the other Party.

20.2 TERMINATION AT THE INITIATIVE OF THE CUSTOMER

The Customer is entitled to terminate all or any part of the Contract at any time, subject to a thirty (30) calendar days' prior notice (unless a different notice period is specified in the Contract) sent by registered letter with receipt to the Supplier, whereupon the Supplier shall from receipt of such notice immediately cease further performance of such all or any part of the Contract. Termination of the Contract in the aforementioned manner shall have the effect of terminating any Order Form outstanding or solely any Order Form as specified in the termination notice.

Following such termination, the parties shall in good faith agree on a termination fee, which the Customer shall pay to the Supplier on the basis of justified costs reasonably and definitively incurred by the Supplier for the performance of any firm Order Forms which have been affected by such termination.

This termination fee shall be a lump sum and shall cover any damages. Furthermore, the Supplier shall waive any right of recourse against the Customer for any amount in addition to such fee.

20.3 TERMINATION IN THE EVENT OF INSOLVENCY

Unless contrary to any statutory provision, the Customer shall be entitled to terminate the Contract as of right and without formal notice in the event the Supplier has a petition for its winding up presented or advertised, calls a meeting with a view to going into liquidation, or otherwise enters into liquidation or has a petition presented for appointment of any administrator in respect of the Suppliers business.
